Father's Day – *Father's Day was first celebrated on June 19, 1910. It was invented in the United States by Sonora Smart Dodd from Spokane, Washington as a way to celebrate her own father who was a veteran of the Civil War and widower who had raised six children. On this day, we give respect and gratitude to our father. Being a father means being there to sculpt a life that will one day have an impact on our world. The word tells us to honor our Father and Mother.*
